

Essay Evaluation Report Topic: जड़सन बोअबड ओइसने कटबड (As you sow, so shall you reap) **Examiner:** Senior Mains Evaluator **Language:** Hindi

📊 Overall Assessment

Yeh ek **strong aur well-structured essay** hai. Aapne proverb ko sirf literal meaning tak simit nahi rakha, balki usse geopolitics, social, aur economic angles se connect kiya hai. Tulsidas se lekar Sushma Swaraj aur fir Environment tak ka transition aapki mature thinking dikhata hai.

Lekin, kyunki topic ek local dialect (**Bhojpuri**) mein tha, essay thoda "generic" feel ho raha hai. Isme "Bihar ki mitti" (local flavor) ki kami hai—yahi cheez BPSC mein ek 'Good' aur 'Excellent' score ke beech ka fark ban jati hai.

☑ What Was Good (Aapki Taakat)

- **Strong Opening & Literary Connect:**
 - Shuruat mein Tulsidas ki line "Karma Pradhan Vishwa Kari Rama" use karna ek high philosophical tone set karta hai. Local proverb ko classical Hindi literature se jodna examiners ko hamesha impress karta hai.
 - **PESTLE Dimensions ka Badhiya Use:**
 - **International Relations:** India (jo Education/ISRO mein invest kar raha hai) vs. Pakistan (jo terror mein invest kar raha hai) ka comparison proverb ko perfectly samjhata hai. Sushma Swaraj ki UN speech ka mention karna ek bohot hi solid contemporary example hai.
 - **Environment:** "Industrial Revolution" (carbon bona) aur "Climate Change/Glacier Melting" (disaster kaatna) ka connection kaafi intelligent interpretation hai.
 - **Political:** Politics mein criminalization (46% MPs par cases) aur uska policy par bura asar—yeh ek brave aur relevant point hai.
 - **Flow & Cohesion:**
 - Essay ka flow logical hai: Individual (Ambedkar) -> National (India vs Pak) -> Global -> Universal (Environment). Jo aapne counter-argument diya (ki kabhi kabhi galat log bhi safal hote hain) aur fir uska refutation kiya (long-term view), wo essay mein depth add karta hai.

⚠ Areas for Improvement (Sudhaar ki Zarurat)

- **Bihar Context ki Kami (Sabse Zaruri):**
 - Topic khud **Bhojpuri/Magahi** mein hai. Yeh commission ka direct hint tha ki wo aapka region se connection test karna chahte hain. Aapne national

examples toh diye, lekin Bihar-specific examples miss kar diye.

- **Missed Opportunity:** Aap bata sakte thay ki kaise education ke historical neglect ne migration ko "boya" (sowed), ya kaise *Jal-Jeevan-Hariyali* scheme future ke liye accha environment "bo" rahi hai.

- **Handwriting & Presentation:**

- Handwriting padhne layak hai par thodi inconsistent hai. High-pressure marking mein clarity bohot matter karti hai. Quotes ki centering achi hai, par alignment ka dhyan rakhein.

- **Generic Economic Data:**

- NITI Aayog aur poverty reduction ka mention acha hai, par thoda generic laga. Agar aap isse specific schemes se jodte (jaise MNREGA assets create kar raha hai vs. freebies dependency create kar rahi hain), toh zyada impactful hota.

Specific Suggestions (Marks Badhane ke liye)

50s se nikal kar **60s** mein jaane ke liye, ye 3 changes karein:

1. **"Bihar" ko Narrative mein laayein:**

- **Example:** Environment discuss karte waqt specifically "**Bihar's Jal-Jeevan-Hariyali Mission**" ka naam lein. Batayein ki aaj ped lagakar Bihar future ke drought/floods se bachne ki koshish kar raha hai.
- **Example: Liquor Ban (Sharab Bandi)** ka zikr karein. Alcohol par ban "bokar" social harmony aur domestic violence kam "kaatna" (administrative sowing/reaping).

2. **Administrative Case Studies use karein:**

- Sirf "Farmers" likhne ke bajaye specific case dein. Jaise: "**Green Revolution ne high yield 'boya'** par Punjab/Haryana mein soil degradation bhi 'kaata'—isse sustainable sowing ki seekh milti hai."

3. **Conclusion mein 'Sankalp' (Resolution) dikhayein:**

- Gita wala conclusion classic aur safe hai. Isse dynamic banane ke liye, ek civil servant wala call-to-action dein: "*As future administrators, humein aaj transparency aur integrity boni chahiye taaki hum 2047 mein ek Viksit Bharat kaat sakein.*"

Final Score

Aapne ek bohot competent essay likha hai. Yeh saare standard boxes check karta hai bas wo "X-factor" miss kar raha hai jo local context se aata hai.

Score: 54 / 100 (Classification: Very Good. Agar Bihar-specific examples hote, toh yeh aaram se 60+ cross kar jata.)
